PROJECT IMPLICIT

I am past Executive Director and current member of the Board of Directors with [Project Implicit](https://www.projectimplicit.com/), a non-profit, international collaboration between researchers who are interested in implicit social cognition. The goal of the organization is to educate the public about hidden biases and to provide a "virtual laboratory" for collecting data on the Internet. Since establishment in 2005, Project Implicit has educated more than 28 million visitors about implicit biases concerning race, gender, sexual orientation, and other topics.
